

# **SUNLAND WATER DISTRICT**

## **Commissioners Meeting**

**February 2024**

### **Managers' Report by Tim Berger**

#### **Water Reclamation Facility**

The new influent meter for the WRF is onsite. Installation is being planned.

#### **Water Production/Consumption Results**

- Staff are in the process of repurposing two in-ground meter-setter sample stations within the District. One new sample- capable meter setter is onsite. We will have five reliable stations at this point with two more needed to complete the upgrade..
- 02/12/24 - Started draining upper reservoir into distribution system.  
02/13/24 - Started cleaning/inspection of upper reservoir.  
02/14/24 - Disinfected and reservoir put back online.
- Consumer Confidence Report for 2023 has been completed, reported, and posted on the SWD website.
- Water loss for the month of January is 4%.
